

FRIDAY

Al-Dana Hall

8:30 – 10:00

ACADEMIA OPHTHALMOLOGICA INTERNATIONALIS SYMPOSIUM SEVERE INJURIES (SYM 48)

Moderator: P. Watson *UK*

- 08:30 P. Watson, *UK*
Introduction
- 08:40 F. Kuhn, *Serbia*
Prioritisation of eye injuries in the severely injured patient
- 08:50 B. Aylward, *UK*
The problems of vitrectomy in the injured eye
- 09:00 J. De Laey, *Belgium*
The management of non perforating choroidal trauma
- 09:10 D. Allen, *UK* – J. Uddine *UK*
Lens removal in the injured eye
- 09:20 R. Collin, *UK*
The principles of wound closure in severe facial injury
- 09:30 M. Wagoner, *USA*
Visual rehabilitation following corneal injury
- 09:40 H. Lewis, *USA*
The management of late fibrosis in the injured eye
- 09:50 Discussion

Palm 1 Hall

8:30 – 10:00

ADVANCED ABLATION PROFILES (SYM 06)

Moderators: N. Jabbur *Lebanon*, G. Waring III *USA*, C. Barraquer *Colombia*

- 08:30 Keynote:
J. Holladay, *USA*
Optimized prolate ablations (OPA) using both wavefront and topography guided ablations
- 08:40 A. El-Danasoury, *KSA*
Optimized Prolate Ablations (OPA) Clinical Results.
- 08:47 C. Barraquer, *Colombia*
How Corneal wavefront treatments affect Ocular aberrations?
- 08:54 M.C. Arbelaez, *Oman*
Advanced cyclotorsion compensation with the Schwind AMARIS system
- 09:01 A. Kanellopoulos, *Greece*
Customized laser cornea remodeling. Theory and clinical practice
- 09:08 M. Jankov, *Serbia*
Customized ablation treatments; how do I chose the right modality?
- 09:15 G. Waring III, *USA*
Topography guided ablation with the Nidek Custom Aspheric Treatment Zone (CATz) – US FDA trial results
- 09:22 O. Kermani, *Germany*
Automated axis alignment in hyperopic LASIK with the new Nidek NAVEX System
- 09:29 N. Jabbur, *Lebanon*
Pearls for successful combined hyperopic and presbyopic multifocal laser ablations using the VISX platform
- 09:36 S. Schallhorn, *USA*
NASA approves LASIK
- 09:43 G. Tamayo, *Colombia*
EpiLasik and Custom Vue: Long term results
- 09:50 T. O'Brien, *USA*
Update on customized excimer laser vision correction in pseudophakia
- 09:57 Discussion

Palm 2 Hall

8:30 - 10:00

AMERICAN ACADEMY OF OPHTHALMOLOGY SYMPOSIUM

ALTERNATIVES IN HIGH RISK CORNEAL TRANSPLANTATION: KERATOPROSTHESIS, IMMUNOSUPPRESSION & OTHER MODALITIES (SYM 19)

Moderator: M. Belin, *USA*

- 08:30 A. Aldave, *USA*
Amniotic membrane transplantation: uses & abuses
- 08:40 M. Wagoner, *USA*
Outcome of primary optical penetrating keratoplasty at the King Khaled Eye Hospital: similarities and differences with western centers in the impact of risk factors on graft survival
- 08:50 M. Belin, *USA*
Topical immunosuppression: Cyclosporine & other immunosuppressants
- 09:00 M. Wagoner, *USA*
Penetrating Keratoplasty for acute and resolved Bacterial, Fungal, and Acanthamoeba keratitis
- 09:10 A. Ouertani, *Tunisia*
Penetrating keratoplasties in trachomatous eyes
- 09:20 A. Aldave, *USA*
Options and outcomes in the management of corneal limbal stem cell deficiency: keratolimbal autografts and allografts, autologous oral mucosal epithelial grafts and kratoprosthesis
- 09:30 M. Belin, *USA*
Boston keratoprosthesis: alternative to standard keratoplasty
- 09:40 J. Alió, *Spain*
Prevention & treatment of cornea graft rejection
- 09:50 Discussion

Al-Seef Hall

8:30 – 10:00

RETINAL DETACHMENT (SYM 43)

Moderators: S. Sheta *Egypt*, H. Mortada *Egypt*, B. Aylward *UK*

- 08:30 Keynote:
I. Kreissig, *Germany*
Repair of primary retinal detachment: A review of its development
- 08:40 S. Sheta, *Egypt*
Scleral buckling, does it still have a role in the era of modern vitreoretinal surgery?
- 08:48 H. Mortada, *Egypt*
Management of myopic macular hole retinal detachment
- 08:56 O. Okonkwo, *Nigeria*
Anatomical and visual outcome following pars plana vitrectomy with Silicon oil tamponade for macular hole associated rhegmatogeneous retinal detachment
- 09:04 M. Masoudnaseri, *Ukraine*
Possibility of Masoud balloon to avoid postoperative complications after vitrectomy in eyes with tractional retinal detachment with macular hole
- 09:12 H. Mortada, *Egypt*
Vitreotomy and posterior hyaloid peeling for myopic foveoschisis
- 09:20 B. Aylward, *UK*
Choosing the best operation for retinal detachment
- 09:28 C. Wilkinson, *UK*
Prevention of retinal detachment: fact or fiction?
- 09:36 K. Lucke, *Germany*
The case for a thorough vitrectomy
- 09:44 A. Ramezani, *Iran*
Functional and anatomical outcomes of colobomatous retinal detachment surgery
- 09:52 Discussion

Al-Fanar Hall

8:30 – 16:30

VISION 2020 IN AFRICA – THE NEXT 10 YEARS

(SPM 01)

Much has been achieved globally in the first 10 years of the "VISION2020: The Right to Sight" campaign 1999-2009. However, Africa presents unique challenges to achieving significant and sustainable results.

Chairman: **HRH Prince Abdulaziz Ahmed Al Saud**

Moderators: **V. Sheffield USA, B. Qureshi Pakistan, M. Rabiou Nigeria**

Purpose: To prepare a Road Map for MEACO and PBU to accelerate achievements in blindness prevention in the Africa region over the next 10 years.

Objectives:

1. Review accomplishments, failures, and lessons learned in the first decade.
2. Analyze barriers and trends in the region – SWOT.
3. Highlight key challenges for the next decade.
4. Develop goals for the next 10 years and beyond 2020.
5. Develop specific priorities and targets for resource use to achieve goals.

Who should participate: All IAPB member organizations, national delegates, ophthalmologists, eye care providers, administrators/managers, and donors working in Africa.

09:00 -09: 15 **HRH Prince Abdulaziz Ahmed Al Saud**
Introduction

09:15 – 09:25 **D. Khan, Pakistan**
Prevention of Blindness Union (PBU)

09:25 – 09:35 **Az. AlRajhi, KSA**
Middle East African Council Of Ophthalmology
(MEACO)

The First Decade 1999-2009

Moderator: **V. Sheffield, USA**

09:35-09:45 **I. Kocur, Czech Republic**
Comparison of disease data in the last 10 years

09:45 – 10:00 **K. Naidoo, South Africa**
Evidence of disease reduction due to V2020

10:00 – 10:15 **H. Faal, Nigeria**
Achievements/challenges in VISION 2020

10:15 – 10:30 D. Etya'ale, *Switzerland*
Summary of the First Decade

10:30-11:00 Break

Lessons Learned and Challenges 2009-2020

Moderator: B. Qureshi, *Pakistan*

11:00-11:15 P. Courtright, *USA*
Lessons learned, analysis of barriers in Africa

11:15-11:30 K. Hassan, *Nigeria*
SWOT: Strengths Weaknesses Opportunities Threats
Trends and Projections in Africa – Eye disease, HR,
training, advocacy, insurance/payment schemes, etc.

11:30-11:40 K. Naidoo, *South Africa*
Africa Business Plan

Challenges 2009-2020

Moderator: M. Rabi, *Nigeria*

11:40 – 11:55 A. Ouertani, *Tunisia*
Clinical challenges

11:55 – 12:10 S. Bob-Egbe, *Nigeria*
Human resource challenges

12:10 – 12:20 S. Lewallen, *Tanzania*
Systems challenges: management, technology

12:20 - 12:35 P. Kwaw-Quaidoo *Ghana*
"Sustainability" – what is it in the African setting

12:35 – 12:45 I. Kocur, *Czech Republic*
Introduction and Summary of the WHO/PBL "Action
Plan for the Prevention of Avoidable Blindness and
Visual Impairment"

12:45 – 13:00 Eliminating Blinding Trachoma, challenges and
opportunities

13:00-14:00 Lunch

Goals & Priorities/Targets & Indicators for the Next Decade

- Working Group #1
14:00-15:30 A. Onakoya *Nigeria* – H. Awan *Pakistan* - Pararajasegaram - A Stutling *South Africa*
Clinical Goals: which and why?
Priorities, targets, and indicators
Role of MEACO and PBU
- Working Group #2
14:00-15:30 A. Ouertani *Tunisia* - S. Bob-Egbe *Nigeria*
Human Resource Development: who and where?
Priorities, targets, and indicators
Role of MEACO and PBU
- 15:30-15:45 Break
- Working Group #1
15:45 – 16:15 A. Onakoya *Nigeria* – H. Awan *Pakistan* - Pararajasegaram - A Stutling *South Africa*
Clinical Goals continued
- Working Group #2
15:45 – 16:15 A. Ouertani *Tunisia* - S. Bob-Egbe *Nigeria*
Human Resource Development continued
- 16:15 – 16:30 V. Sheffield, *USA*

Room E

8:30 – 10:00

EXFOLIATION (PSEUDOEXFOLIATION) SYNDROME: A MAJOR DISEASE IN THE MIDDLE EAST (SYM 37)

This symposium will provide a within-the-eye view of exfoliation, clues for its genetic diagnosis, tips for efficient management of cataract and glaucoma in patients with exfoliation, and a critical review of potential but debated manifestations of this syndrome.

Moderator: R. Ritch *USA*

- 08:30 W. Shihadeh, *Jordan*
The expanding epidemiology of XFS
- 08:40 R. Ritch, *USA*
Ocular and systemic findings in exfoliation syndrome
- 09:00 J. Morales, *KSA*
Genetics of XFS and the Function of the LOXL1 Gene
- 09:10 T. Kivelä, *Finland*
Current concepts in the molecular pathology of XFS

- 09:25 T. Kivelä, *Finland*
Treatment of exfoliative glaucoma
- 09:35 W. Shihadeh, *Jordan*
The approach to cataract surgery in XFS and intraoperative complications
- 09:50 Discussion

Al-Dana Hall

10:15 – 11:45

AMERICAN ACADEMY OF OPHTHALMOLOGY SYMPOSIUM CURRENT STRATEGIES FOR THE DIAGNOSIS AND MANAGEMENT OF MACULAR EDEMA (SYM 38)

- Moderator: D. Parke II *USA*
- 10:15 D. Parke II, *USA*
Common causes of macular edema
- 10:25 D. Parke II, *USA*
Imaging of macular edema
- 10:35 G. Williams, *USA*
Laser surgery for macular edema
- 10:45 C. P. Wilkinson, *USA*
Steroid treatment for macular edema
- 10:55 G. Williams, *USA*
Intraocular surgery for macular edema
- 11:05 C. P. Wilkinson, *USA*
Antiangiogenic treatment for macular edema
- 11:15 Discussion

Palm 1 Hall

10:15 – 11:45

ICO SYMPOSIUM CHILDHOOD BLINDNESS - THE INDIVIDUAL AND WORLD-WIDE SIGNIFICANCE AND MANAGEMENT (SYM 31)

- Moderators: S. Day *USA*, D. Taylor *UK*
- 10:15 C. Gilbert, *London*
The worldwide and individual impact of childhood blindness
- 10:30 S. Day, *USA*
Assessing the apparently blind baby; clinical
- 10:45 S. El Mulki, *Jordan*
Assessing the apparently blind baby; electrophysiological
- 10:55 D. Taylor, *UK*
Assessing the apparently blind baby; other investigations
- 11:00 A. Batal, *KSA*
Curative treatments in the infant
- 11:15 R. Henderson, *UK*
Prospects for new forms of treatment
- 11:30 Discussion

Palm 2 Hall

10:15 – 11:45

CORNEAL COLLAGEN CROSS-LINKING (SYM 18)

Moderators: M. Joshi *Kenya*, T. Seiler *Switzerland*, M. Jankov *Serbia*

- Keynote:
- 10:15 T. Seiler, *Switzerland*
Corneal collagen cross linking; how does it work?
- 10:27 M. W. Adel-Rahman, *Qatar*
Riboflavin/UVA cross linking for the treatment of ectatic corneal conditions, the Qatari experience
- 10:36 J. Kasireddy, *India*
Results of corneal collagen cross linking with UVA 365 and riboflavin for keratoconus in Asian population

- 10:45 M. Joshi, *Kenya*
Cross-linking in African eyes; clinical review for cross – linking (C3R) for keratoconus patients
- 10:54 H. Mahmood, *Bahrain*
Corneal hysteresis of keratoconus eyes treated with riboflavin ultraviolet collagen cross linking
- 11:03 R. Mohamed-Ali, *Syria*
Increasing the corneal thickness in keratoconus stage III by intrastromal injection of fresh autologous plasma, and performing collagen cross- linking
- 11:12 F. Hafezi, *Switzerland*
Pregnancy-related exacerbation of iatrogenic keratectasia despite corneal collagen cross-linking
- 11:21 M. Jankov, *Serbia*
Corneal cross-linking combined with topography-guided laser treatment
- 11:30 W. AlTuwairqi, *KSA*
Corneal cross linking (CCL) combined with photorefractive keratectomy (PRK) for treatment of early keratoconus
- 11:39 Discussion

Al-Seef Hall

10:15 – 11:45

AF. SOPRS SYMPOSIUM

FREQUENTLY ASKED QUESTIONS IN EYELID AND LACRIMAL PROCEDURES

(SYM 01)

Moderator: M. Fendri *Tunisia*

Keynote:

- 10:15 R. Collin, *UK*
How do I manage facial nerve palsy?
- 10:33 E. El-Gazayerli, *Egypt*
Frequently asked question in ptosis surgery

- 10:47 M. Gonzalez-Candial, *Spain*
Avoiding mistakes in upper eyelid blepharoplasty
- 11:01 M. Fendri, *Tunisia*
Upper eyelid crease management
- 11:15 H. Kamnou, *Tunisia*
Unilateral congenital ptosis with poor levator function: different approaches & strategies
- 11:29 N. Ben Rayana, *Tunisia*
Ptosis associated with ocular motility disorders: diagnosis, treatment & strategies
- 11:41 Discussion

Al-Dana Hall

13:00 – 14:30

PANORAMA OF THE ORBIT (SYM 02)

Moderators: N. Messiha *UK*, D. Tse *USA*, A. Bukhari *KSA*

- Keynote:
- 13:00 D. Tse, *USA*
Surgical approach to optic nerve tumours
- 13:20 N. Messiha, *UK*
Vascular problems within the orbit
- 13:35 M. Abdulhafez, *Egypt*
Management of the microphthalmic eye
- 13:50 I. Chaudhry, *KSA*
Alternative to evisceration and enucleation
- 14:05 M. Assem, *Egypt*
Orbital tumours, better understanding
- 14:15 A. Khan, *Pakistan*
Lesions of the lacrimal glands

14:25 Discussion

Palm 1 Hall

13:00 – 14:30

EUROPEAN SOCIETY OF CATARACT & REFRACTIVE SURGERY SYMPOSIUM PURSUIT OF THE PERFECT IOL (SYM 21)

Moderators: P. Rosen *UK*, M. Tassignon *Belgium*

- Keynote:
- 13:00 M. Piovella, *Italy*
Current lenses and limitations
- 13:12 Discussion
- 13:15 S. Downes, *UK*
Blue blocking lenses in cataract surgery
- 13:27 Discussion
- 13:30 M. Tassignon, *Belgium*
Perfect optics: Asphericity, toricity and alignment
- 13:42 Discussion
- 13:45 D. Gatinel, *France*
Biomaterials: Matching nature
- 13:57 Discussion
- 14:00 D. Spalton, *UK*
Capsular healing: Restraining nature
- 14:12 Discussion
- 14:15 P. Rosen, *UK*
Accommodation and pseudoaccommodation: Restoring nature
- 14:27 Discussion

Palm 2 Hall

13:00 – 14:30

PHAKIC IOLs (SYM 07)

Moderators: T. Gamaly *Oman*, A. Marinho *Portugal*, Y. Mostefai *Algeria*

- 13:00 Keynote:
J. Vukich, *USA*
Are phakic IOLs safe?
- 13:10 A. Marinho, *Portugal*
Toric Artiflex; 1 year experience
- 13:16 M. Hantera, *KSA*
Effect of foldable iris fixated phakic IOL on the pupil
- 13:22 T. AbuZaid, *UAE*
Artiflex; technique made easy
- 13:28 S. Garcia-Delpech, *Spain*
Long term safety and efficacy of the PRL™ phakic IOL in 5 southern European centers
- 13:34 S. Barnes, *USA*
The Visian ICL in the US Army: initial experience
- 13:40 A. Hashem, *KSA*
Predictability of postoperative ICL vault using horizontal white to white measurement and anterior chamber depth
- 13:46 J. Vukich, *USA*
Anterior subcapsular opacities and cataracts 5 years after surgery in the Visian implantable collamer lens FDA trial.
- 13:52 T. Gamaly, *Oman*
Spherical and toric implantable collamer lens implantation (ICL and T ICL) implantation in patients not suitable for laser refractive surgery
- 13:58 T. Abdel-Samie, *KSA*
Implantable contact lens (ICL V4) for treatment of high myopia: 1 year follow up
- 14:04 Y. Mostefai, *Algeria*
Surgical correction of astigmatism and myopia with the toric ICL
- 14:10 W. Bauer, *Germany*
Customized intraocular lenses (IOL) - Useful alternative in surgical astigmatism management

14:16 Discussion

Al- Seef Hall

13:00 – 14:30

HOT TOPICS IN PEDIATRIC OPHTHALMOLOGY (SYM 27)

Moderators: E. AlAlawi *Bahrain*, S. B. Ozkan *Turkey*, D. Taylor *UK*

To emphasize the important and controversial subjects in the field of pediatric ophthalmology

- 13:00 M. Mills, *USA*
Diagnosis of pediatric uveitis
- 13:14 W. Astle, *Canada*
Refractive surgery in children
- 13:28 D. Taylor, *UK*
Phacomatoses
- 13:42 S. B. Ozkan, *Turkey*
Restrictive problems related to strabismus surgery
- 13:56 M. El-Sada, *Egypt*
Retinal dysplasia: what do we know?
- 14:10 M. Salah, *KSA*
Prospective study of amblyopia in children
- 14:17 M. Mehyar, *Jordan*
Retinopathy of prematurity: experience in Jordan
- 14:24 Discussion

Room E

13:00 – 14:30

RAPID FIRES POSTERS PRESENTATIONS I (SES 15)

Moderators: O. Beltaief *Tunisia*, S. Fitury *Libya*, M. Rabiou *Nigeria*, M. Bamashmus *Yemen*

- 13:00 O. Beltaief, *Tunisia*
Introduction to the session
- 13:03 E. Safar, *Egypt*
Corneal microsporidiosis
- 13:06 C. P. Ruiz, *Cuba*
Results of the ophthalmologic screening carried out in the Chinese cities of Xining and Hebi
- 13:09 M. Abdelaoui, *Morocco*
Trimethoprim/sulfamethoxazole in the treatment of toxoplasmic retinochoroiditis.
- 13:12 S. Bhalil, *Morocco*
The optical coherence tomography features of Behçet's disease maculopathy
- 13:15 A. Abdel-Maksoud, *Egypt*
Vitrectomy and gas tamponade without internal limiting membrane peeling for myopic foveoschisis
- 13:18 L. El-Maaloum, *Morocco*
Management of post traumatic endophthalmitis: experience of our department and review of the literature
- 13:21 I. Ammous, *Tunisia*
Lamellar hole complicating macular retinoschisis in high myopia
- 13:24 K. Said-Ahmed, *Kuwait*
Incidence and natural course of central serous chorioretinopathy (CSR) in pregnant women in a busy maternity hospital in Kuwait
- 13:27 Discussion
- 13:30 N. Tareh, *Yemen*
Effect of steroid therapy on visual acuity and fundus picture in 3 cases of Vogt Koyanagi Harada syndrome in Yemen
- 13:33 P. Rao, *UAE*
Macular hole formation following successful pneumatic scleral buckle (PSB)
- 13:36 S. Natarajan, *India*
Autofluorescence patterns in central serous chorioretinopathy (CSCR)
- 13:39 W. Zbiba, *Tunisia*

- Bevacizumab (Avastin) intravitreal injection in choroidal neovascularization in angioid streaks
- 13:42 M. Zaki, *Morocco*
Post traumatic retinal detachment in children
- 13:45 M. Haloui, *Morocco*
Subhyaloidal hemorrhage secondary to a Valsalva's maneuver: a case report
- 13:48 V. R. Anandula, *India*
Genetic profile of PRPF31 and IMPDH1 genes in autosomal dominant and isolated retinitis pigmentosa patients
- 13:51 M. Almohsen, *Bahrain*
Intravitreal Bevacizumab (Avastin) in management of serpiginous choroiditis associated choroidal neovascular membrane
- 13:54 M. Mahfouz, *Egypt*
Preemptive analgesia in rhegmatogenous retinal detachment surgery: is it effective?
- 14:00 A. Harby, *Egypt*
Comparison between 1st tube implantation and MMC trabeculectomy in cases of congenital glaucoma
- 14:03 J. Mohad, *Morocco*
Subconjunctival application of 5 FU following surgical treatment of glaucoma with deep sclerectomy
- 14:06 W. Shihadeh, *Jordan*
Efficacy and safety of utilizing a biodegradable collagen matrix implant in trabeculectomy
- 14:09 M. Mustafa, *Ireland*
European comparison of patient recall of glaucoma medication in outpatient clinics
- 14:12 A. Chakib, *Morocco*
Viscocalanostomy: clinical outcomes of a medium-term ; prospective study on 107 eyes
- 14:15 A. Helal, *Egypt*
Effect of laser in situ keratomileusis on tear stability
- 14:18 A. Issa, *UAE*
Prevention of acute angle closure glaucoma by unilateral surgical iridectomy in bilateral ICL implantation
- 14:21 A. Daxer, *Austria*

Treatment of moderate and high myopia using a new kind of intracorneal implants

14:24 Discussion

Al- Dana Hall

15:00 – 16:30

DIABETIC RETINOPATHY AND VASCULAR OCCLUSION (SYM 44)

Moderators: E. M. AlHarthi *KSA*, S. Waheeb *KSA*, S. Yamamoto, *Japan*

- 15:00 C. Wilkinson, *USA*
Classification and routine management of diabetic retinopathy
- 15:10 N. Bhatt, *Bahrain*
Evolution in diabetic vitrectomy
- 15:18 M. AlOmran, *Bahrain*
Intravitreal Bevacizumab (Avastin) in diabetic eyes with Post-vitrectomy vitreous hemorrhage
- 15:26 S. Waheeb, *KSA*
Preoperative Bevacizumab (Avastin) injection for complicated diabetic tractional retinal detachment and diabetic vitreous hemorrhage
- 15:34 S. Yamamoto, *Japan*
Successful treatment of diabetic neovascular glaucoma with simultaneous intravitreal Bevacizumab and cryoretinopexy
- 15:42 M. Issa, *UK*
PASCAL (Patter Scan Laser Photocoagulator), is it really better?
- 15:50 M. O. Rashed, *Egypt*
Comparative study of different techniques for management of refractory diabetic macular edema
- 15:58 P. Rao, *UAE*
Avastin for macular edema in central retinal vein occlusion (i BECAME study)
- 16:06 G. Jaissle, *Germany*
Intravitreal Bevacizumab for macular edema in retinal vein occlusion: results of the German multicenter data analysis
- 16:14 S. ElSherbiny, *UK*

Central serous chorioretinopathy and diabetes: possibly linked?

16:22 Discussion

Palm 1 Hall

15:00 – 16:30

CURRENT INNOVATIONS IN MULTIFOCAL IOLs (SYM 22)

Moderators: H. El-Hamzawy *KSA*, Y. Takhtaev *Russia*

- 15:00 Keynote:
J. Alió, *Spain*
MICs with multifocal IOLs.
- 15:10 R. Packard, *UK*
Bilateral simultaneous lens surgery & implantation of the ReSTOR IOL
- 15:18 Y. Takhtaev, *Russia*
Presbyopia correction with ReSTOR IOL.
- 15:26 J. Vukich, *USA*
Accommodative IOLs: can we achieve variable focus in a pseudophakic eye?
- 15:34 U. Srinivasan, *India*
An analysis of an aspheric refractive multifocal lens. A clinical study
- 15:42 J. Holladay, *USA*
Optical & clinical performance of presbyopic treatment.
- 15:50 H. El-Hamzawy, *KSA*
Visual outcomes in cataract surgery with multifocal IOL
- 15:58 Jack Holladay, *USA*
Customizing selection of aspheric IOLs based on measurements of corneal spherical aberration
- 16:06 D. Gatinel, *France*
Analyzing of the optical properties of new monofocal & multifocal IOLs for cataract surgery
- 16:14 Discussion

Palm 2 Hall

15:00 – 16:30**MAGRABI-BASCOM PALMER UPDATE IN OPHTHALMOLOGY SYMPOSIUM
(SYM 09)**Moderators: T. AbuZaid *UAE*, E. Alfonso *USA*, M. Anwar *UAE*

Keynote:

- 15:00 D. Tse, *USA*
B.L.I.C.K. Assessment of a Tearing Patient
- 15:15 R. Forster, *USA*
Selection of topical antibiotics for surgical prophylaxis and treatment of bacterial keratitis
- 15:25 E. Alfonso, *USA*
What we know and don't know about contact lens related microbial keratitis
- 15:35 M. Anwar, *UAE*
DALK with the Big Bubble; 10 years experience
- 15:45 A. El-Danasoury, *KSA*
ICL in Keratoconus
- 15:55 T. O'Brien, *USA*
Managing the dissatisfied refractive surgery patient
- 16:05 T. AbuZaid, *UAE*
Intacs for keratoconus; long term results
- 16:15 Discussion

Room E**15:00 – 16:30****RAPID FIRES POSTERS PRESENTATIONS II
(SES 16)**Moderators: L. Rais *Morocco*, D. Aghadoost *Iran*, A. Ailem *Algeria*,
Z. ElSanabary *Egypt*

- 15:00 O. Beltaief, *Tunisia*
Introduction to the session
- 15:03 A. Adenwala, *UAE*

- Bilateral acute glaucoma with high myopia in patient using oral topiramate- A case report
- 15:06 A. Fadil, *Morocco*
Orbital and parotid associated hemangiomas
- 15:09 G. Belalami, *Morocco*
Events eye sickle cell disease: prospective study from January to June 2007
- 15:12 M. Schargus, *Germany*
Visual field progression in patients with drusen of the optic
- 15:15 R. AITurki, *KSA*
Posterior nanophthalmos with uveal effusion managed by lamellar sclerotomies
- 15:18 S. Bouzza, *Morocco*
Bilateral retinal detachment in preeclampsia. One case report
- 15:21 W. Turki, *Tunisia*
Posterior microphthalmos: OCT contribution
- 15:24 H. Von Kuegelgen, *Germany*
From reading stones to multifocal IOLs – on the invention of bifocal glasses
- 15:27 Discussion
- 15:33 S. Jihad, *Morocco*
Oculo-orbital lymphoma. About 8 cases
- 15:36 T. Chauhan, *India*
Intra-familial phenotypic variability in ocular manifestations of Noonans syndrome
- 15:39 D. Aghadoost, *Iran*
